SUBJECT:

DOCKET NO. 2020-41-E - Dominion Energy South Carolina, Incorporated's 2020 Annual Update on Demand Side Management Programs and Petition for an Update to Rate Rider - Staff Presents for Commission Consideration Dominion Energy South Carolina, Incorporated's Request for Approval of Its 2020 Annual Update on Demand Side Management Programs and Petition for an Update to Rate Rider.

COMMISSION ACTION:

Dominion Energy South Carolina, Inc. has filed its 2020 Annual Update on Demand Side Management Programs and Petition to Update the associated Rate Rider. For the 2020 annual filing, the prior review period is December 1, 2017, to November 30, 2018 (Program Year 8); the current review period is December 1, 2018, to November 30, 2019 (Program Year 9); and the forecasted period is December 1, 2019, to November 30, 2020 (Program Year 10).

The Office of Regulatory Staff has reviewed Dominion's petition and has filed a report detailing that review. ORS found Dominion's updated DSM Rate Rider to be developed in accordance with the terms and conditions set forth in Commission Order Nos. 2010-472, 2013-826, and 2019-880. ORS also reported that Dominion's filing comports for the most part with Commission Order No. 2019-880 filed on December 20, 2019. ORS noted that Dominion has not yet filed the "Avoided Costs Report" required by Order No. 2019-880, but ORS also acknowledged that the Avoided Costs Report is due 120 days after the final order being issued in Docket 2019-184-E which was Order No. 2020-244 issued on March 24, 2020.

With regard to the Rate Rider, both Dominion and ORS are in agreement costs to be recovered in this proceeding total \$40,646,200 which is comprised of \$24,021,909 for Dominion's amortized Program Costs; \$15,326,879 for net lost revenues, and \$1,297,412 as an amortization of the Shared Savings Incentive.

The only other party, Walmart, Inc., states it has no comments or issues of concern with respect to Dominion's filing or its Rate Rider.

I move that the Commission approve Dominion's DSM Rate Rider. These rates will be effective for bills rendered on and after the first billing cycle of May 2020. A residential customer using 1,000 kWh per month would have a bill increase of approximately \$0.35 after effects of the Tax Rider approved in Commission Order No. 2018-804 are applied.
